

Bauhaus.SOLAR AWARD

Occasion

The Bauhaus.SOLAR Award is being awarded for the first time at the 3rd International Congress Bauhaus.SOLAR in Erfurt (Germany).

This award for young talent is being advertised Europe-wide by SolarInput e.V. and Solarvalley Mitteldeutschland e.V. and is aimed at students and young graduates. It honours superb architecture and design projects which demonstrate the innovative use of renewable energy.

"The developed environment is facing huge changes due to rethinking the use of energy. In future energy must be generated differently and consumed more intelligently. Not only does this have to be considered by planners and designers from the very first stage but also requires visionaries to completely and fundamentally rethink society and its environment. These visions then have to be implemented", according to Prof. Dr. Gerd Zimmermann, Vice-Chancellor of our cooperation partner the Bauhaus-Universität Weimar.

"We need innovations which combine new resource-saving technology with modern design" emphasises Hubert Aulich, the boss of Erfurt PV Crystalox Solar and chairman of the SolarInput association. This is to be celebrated and honoured with the Bauhaus.SOLAR Award.

Entry terms and conditions

Students from all European design and architecture courses as well as young designers and architects who graduated up to two years ago are invited to enter the Bauhaus.SOLAR Award competition.

The submitted projects (designs and realised projects) may not be more than two years old and must have been produced during the course of study or at the most two years after studying. Enrolment or graduation must be sent as evidence with the entry form.

Contributions can also be submitted which have been produced as part of a team. A maximum of three contributions is permitted per entrant.

There are no organisation or exhibition fees to enter the competition.

The official languages of the competition are German and English.

Sponsored by:

Awards

The Bauhaus.SOLAR Award is endowed with €15,000.00 in total and offers young talented designers and architects the chance to present designs, projects and innovation to the public and businesses.

The first prize for the Bauhaus.SOLAR Award is €10,000. The remaining works selected for the 2nd stage and nominated for the Bauhaus.SOLAR Award will receive runners up prizes of €500.

The jury can also distribute the prize differently.

An independent jury shall decide on the awards in a non-public adjudication process. The participants selected for the 2nd stage will have the opportunity to explain their work in front of the jury.

Jury

AULICH, Hubert, *Dr.*,
PV Crystalox Solar, SolarInput e.V.

BARTELS, Heiko, *Prof.*,
Bauhaus-Universität Weimar

HAAS, Martin, *Dipl.-Ing.*,
Behnisch Architects

HOFFMANN, Winfried, *Dr.*,
Vice President of the European Photovoltaic Industry Association (EPIA)

RUTH, Jürgen, *Prof. Dr.-Ing.*,
Bauhaus-Universität Weimar

SCHUSTER, Heide, *Dr. Ing. M. A.*,
WSGreenTechnologies GmbH

HAUSIG, Daniel, *Prof.*,
Saar Academy of Visual Arts

FRIELINGHAUS, Michael, *Dipl.-Ing.*,
President of the BDA (German Association of Architects), BLFP-Frielinghaus Architects

SCOGNAMIGLIO, Alessandra, *Dipl.-Ing.*,
Italian National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA)

Assessment criteria

The submitted projects are judged according to the following essential criteria:

- Innovation and concept
- Integration into architecture
- Integration into the urban environment and countryside

- Design – with all relevant aspects such as: functionality, choice of material, aesthetics, ecology
- Plausibility in terms of function
- Analysis of requirements
- Feasibility in terms of process and costs

Submission

The competition is planned as a 2-stage competition. Submission of competition entry (1st round) at the latest by **30th June 2010** (date of postmark):

SolarInput e.V.
Bauhaus.SOLAR Award
Konrad-Zuse-Straße 14
D-99099 Erfurt

The following documents must be submitted:

1st round

- Fully completed entry form using the form enclosed with the competition entry documents
- Description and explanation of design specifics maximum 2 pages of A4, Arial 11pt
- Written summary of design idea approx. 15 lines, Arial 11pt
- min. 3 printed renderings of important views and/or graphic representation of designs (A4 size)
- CD with submitted design data as PDF file
- Evidence of enrolment for students
- Evidence of the date of graduation for graduates

Incomplete projects may not be entered.

2nd round

The jury will select 11 works from the submitted entries for the 2nd stage of the competition, which will be nominated for the Bauhaus.SOLAR Award. These participants selected for the 2nd stage will be informed on **1st September 2010** by the awarding authority. The following documents are to be submitted for the 2nd round:

1 exhibition panel with the relevant drawings, images and text information ready to print on CD (PDF file). The panels are provided by the organisers so that there are no costs for entrants. Models can also be submitted. Technical details are to follow with the invitation to the 2nd round of the competition. Latest date (date of postmark) for sending entries to the organisers is **15th October 2010**.

Award ceremony/exhibition

The awards will be handed over as part of the Bauhaus.SOLAR Award Ceremony on **10th November 2010** in Erfurt at the 3rd International Congress Bauhaus.SOLAR.

On this occasion the award winning designs as well as the 2nd round projects will be displayed in a special exhibition. Other exhibitions are planned.

Summary of important dates

Submission date for 1 st round	30.06.2010
Jury 1 st round	31.08.2010
Information to 2 nd round entrants	01.09.2010
Submission date for 2 nd round	15.10.2010
Jury 2 nd round	09.11.2010
Award ceremony/exhibition	10.11.2010

Liability/insurance

Projects are submitted at the cost and risk of entrants. No liability of any kind is assumed by the organisers.

Legal framework

The designer shall retain the copyright. By sending in documents the entrant shall grant the right of use to the organiser for all competition entries made available, free of charge with no restrictions in terms of time, location and content for publication in printed works, on the internet, in exhibitions and presentations and on data media.

The submitted documents shall become the organiser's property and shall not be returned. It is not possible to collect submitted models.

By entering the competition the entrant declares that the project is his/her intellectual property and does not violate third party rights.

Miscellaneous

By entering the competition the entrant accepts the competition terms and conditions. By signing the entry form the entrant legally declares compliance with the competition procedures. The jury's decision is legally valid. The jury's decision is final. Subject to change.

Entry form for the Bauhaus.SOLAR Award

1st round of the competition submission date: 30.06.2010

1. Applicant's details

University	_____	Field of study	_____
First name	_____	Surname	_____
Street	_____	Telephone/Mobile	_____
Post code/Town/City	_____	Email	_____
With joint projects: other contributors			
First name	_____	Surname	_____
First name	_____	Surname	_____
Responsible supervisor (Professor/Lehrer/Mentor)			
Title/First name	_____	Surname	_____

2. Competition entry

Theme of project _____

3. Documents to be submitted (by 30.06.2010)

- ☐ Brief text on project (approx. 15 lines, Arial 11pt)
- ☐ Clear description and explanation of design specifics (max. 2 A4 pages, Arial 11pt)
- ☐ Min. 3 printed, graphic representations of designs (A4 size)
- ☐ CD with submitted designs data as PDF file
- ☐ Evidence for students: university enrolment certificate
- ☐ Evidence for graduates: copy of degree certificate

By entering the competition I
accept the competition terms
and conditions.
