

Power Tower

Einladung zur Schlusskritik *Invitation to final critique*

Thema *Topic*

A progressive high rise building might generate regenerative power on its own. The project explores future visions of new structures, technologies and methods of integrated energy production.

Gäste *Guests*

Jacob van Rijs, MVRDV, Rotterdam

Termin *Date*

Donnerstag, 29.01.2009, 9.00 - 12.00 Uhr

TU München, Arcisstr. 21

Lehrstuhl Integriertes Bauen, Prof. Dietrich Fink, Raum 3120

Jacob van Rijs MVRDV

Vortrag *Lecture*

Thema *Topic*

MVRDV conceives since 1993 architecture, urbanism and research as engines for future innovation, with the collaborative design process as an essential focus point.
